Thank you to the above coaches along with **Lisa Arnold** and **Bridget Hayes** who provided transportation and support.

Emergency Procedures - *Important!*

At Broadlands School, we have well-established procedures when dealing with emergency situations of which there are four main types:

Fire, Earthquake, Lockdown Level 1 and Lockdown Level 2

Lockdown Level 1 involves a scenario whereby the NZ Police advises us of a person in the immediate area whom they believe poses an undue risk to our school community.

Lockdown Level 2 involves a volcanic eruption, chemical spill, gas pipeline leak, fuel spill, swarm of bees or a mad cow on the loose-type scenarios which may/may not involve the NZ Police and/or Civil Defence.

All situations can be a bit scary for some students which we truly understand, but all staff minimise or eliminate any anxiety or stress.

Important Note #1: Should a *Lockdown Level 1* or *2* occur, you will be immediately contacted through **Facebook**, **SchoolApp** and **email**. Instructions will be included.

We will be holding a *Lockdown Level 2 DRILL* on **Wednesday 9 June** at **10.15am** which is signalled by a continuous ringing of the school bell.
(A **DRILL** is a test of our own lockdown procedures)

Seesaw Support Workshops

As there will be no formal reporting to you mid-year and end-of-year from 2021, our Seesaw is the most important and valuable learning sharing method there is.

allows students to independently share their learning with built-in creative tools which provides a 'real-time' opportunity for them to share their learning with you.

Being real-time, Seesaw gives you an immediate and personalised insight into your child's school day and makes communication with teachers much easier and seamless. Seesaw is the main method we use to provide evidence of learning in all curriculum areas as well as recording examples of students learning linked to our Virtues and the NZ Curriculum's Key Competencies.

is an excellent tool for strengthening our home/school partnerships through messages and celebrating learning which builds positive whānau engagement.

To support you, we are offering **two Seesaw-focused workshops** in the Learning Centre as follows:

Wednesday 9 June @ 11.30am

&

Wednesday 9 June @ 3.15pm

When here, you will...

- **Look at why we use Seesaw**
- **Find out why our students enjoy using Seesaw**
- **Learn what our students hope for when they have posted on Seesaw**
- **Look at different ways of responding to posts to help improve learning**
- **Look at some examples of Seesaw activities, including our ways of reporting to you on achievement**
- **Solve any connection problems you are having - for this, you will need to know your Seesaw email and password login details**

We look forward to helping you in this way at one of these two workshops!
