## Seesaw Workshops

**Thank you** to those of you who were here for our Seesaw workshop.

Remember...we are here to help!

Over the coming weeks, we will be providing you with a few ideas to help you support your child's learning through Seesaw. This information will also be available to see on [www.broadlands.school.nz](http://www.broadlands.school.nz).

Firstly, **TAG**.

Having asked a group of students what they would like to happen after they have posted on Seesaw, these were two of the responses (all the responses had the same message):

***"I hope they'll type something to tell me I've done a really great job. The typing is better than a heart because it tells you what they like about it."***

(Year 4 student)

***"Your parents to like it and them being proud of you when you go home. To leave a good comment and press the heart button. Comments are good so it might teach you some stuff like, you got something wrong and could help you."***

(Year 3 student)

Using **TAG** may help give you ideas of how to comment:

- **T = tell them something you liked**

Examples:

***"I like how you showed the working out of the maths problem."***

***"I like how you added so many details to your writing."***

- **A = ask a question**

Examples:

***"What did you like about this book?"***

***"What did you enjoy about learning this?"***

- **G = give a suggestion**

Use the words "I wonder..."

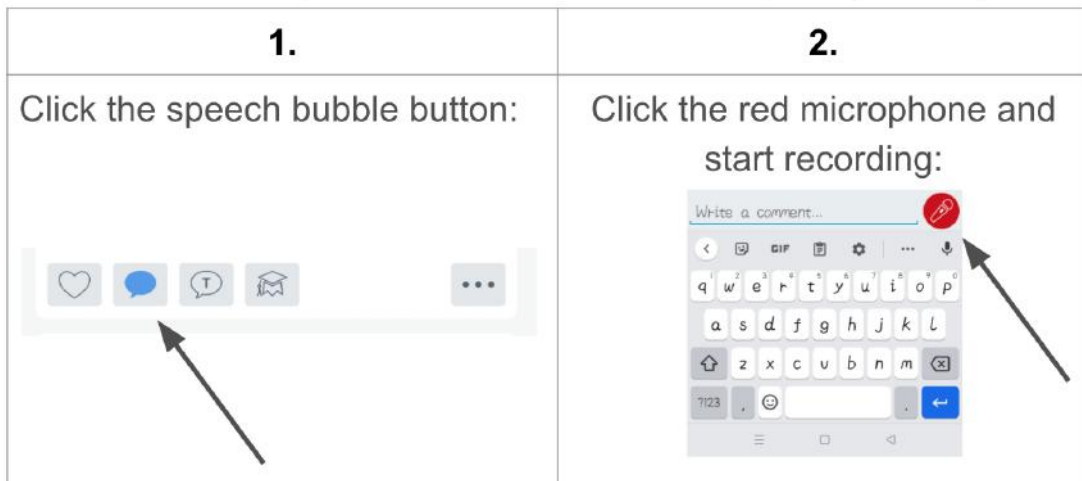

Examples:

*“I wonder what it would look like if you added labels.”*

Don't want to write a response?

“1

- Use the microphone comment button and speak your response

wonder what it would look like if you drew it out.”

### EPro8 Challenge

We wish **Samuel Martelli, Demi Arnold, Juliet McDonald and Coby Law** good management, scientific knowledge and skill at the **EPro8 REGIONAL GRAND FINALS** to be held on **Friday 25 June** at **Mokoia Intermediate School, Rotorua** (note change of venue).

Community Oral Health Service (COHS)

An **Enrolment Form** for the COHS has been sent out to all students by hand today..

Included in this booklet, is information on the new fluoride varnish application project for all children from NE/Year 1 to Year 8.

Please carefully read all of the information provided before signing the **CONSENT (AGREE)** or **DO NOT CONSENT (DO NOT AGREE)**.

Please return the **Enrolment Form** by **Thursday 17 June**.

### Sponsorship Opportunity

We are looking to upgrade/replace our existing sports uniforms for miniball and hockey.

Before we do this, we would like to give our supportive business community the opportunity to sponsor our sports uniforms, and in return, receive sole branding/naming rights, subject of course, to the provision of a quote(s) which will be obtained in the coming weeks.

If this could be of interest to you, please contact Graeme or Debra by calling in, phone or

email ASAP.

## Let's find out what Room 1 has been learning about....

In Room 1 we have been learning about different animals and their habitats. We started our inquiry by learning about monarch butterflies and their life cycle. As part of our inquiry art, we created our own little caterpillars by using socks, pillow stuffing, pastels vivid and pipe cleaners. Our cuddly caterpillars are crawling across our inquiry wall, munching on their leaves waiting until they can come home with us at the end of the term.
