Introduction

The Board of Trustees of Broadlands School is focused on the ongoing improvement of student progress and achievement within an environment that provides inclusive education.

Refer to the New Zealand Curriculum, the New Zealand Disability Strategy, and the United Nations Convention on the Rights of Disabled People.

To ensure effective school performance, the board is committed to maintaining a strong and effective governance framework that incorporates legislative requirements and good practice.

Governance and Management

The following are the board's agreed governance and management definitions which form the basis upon which both the working relationships and the board's policies are developed.

Governance	Management
<p>The ongoing improvement of student progress and achievement is the board's focus.</p> <p>The board acts in a stewardship role and is entrusted to work on behalf of all stakeholders. It is accountable for the school's performance, emphasises strategic leadership, sets the vision for the school and ensures compliance with legal and policy requirements.</p> <p>Board policies are at a governance level and outline clear delegations to the principal. The board and principal form the leadership, with the role of each documented and understood. The principal reports to the board as a whole with committees used only when a need is identified in order to contribute to board work.</p> <p>The board is proactive rather than reactive in its operations and decision making and does not involve itself in the administrative details of the day to day management of the school.</p>	<p>The board delegates all authority and accountability for the day-to-day operational management and organisation of the school to the principal who must ensure compliance with both the board's policy framework and the law of New Zealand. [For detail see Operational Policies]</p>

In developing the above definitions for Broadlands School the board is mindful of the following excerpts from the Education Act 1989:

Education Act 1989, (Section 75, 72, 76, 65 and 66)

The Education Act 1989 was revised on 13th June 2013 to better reflect the board's primary focus of student achievement. The legal and prime responsibility of boards of trustees is determined by Section 75 of the Education Act 1989:

s.75 Functions and powers of boards

- (1) A school's board must perform its functions and exercise its powers in such a way as to ensure that every student at the school is able to attain his or her highest possible standard in educational achievement.
- (2) Except to the extent that any enactment or the general law of New Zealand provides otherwise, a

school's board has complete discretion to control the management of the school as it thinks fit.

s.72 By laws –

Subject to any enactment, the general law of New Zealand, and the school's charter, a school's board may make for the school any bylaws the board thinks necessary or desirable for the control and management of the school.

s.76 Principals –

- (1) A school's principal is the board's chief executive in relation to the school's control and management.
- (2) Except to the extent that any enactment or the general law of New Zealand provides otherwise, the principal –
 - (a) Shall comply with the board's general policy directions; and
 - (b) Subject to paragraph (a), has complete discretion to manage as the principal thinks fit the school's day to day administration.

s.65 Staff

....A board may from time to time, in accordance with the State Sector Act 1988, appoint, suspend, or dismiss staff.

s66 Delegations

- (1) The governing board of a board may delegate any of the functions or powers of the board or the governing board, either generally or specifically, to any of the following persons by resolution and written notice to the person or persons:
 - (a) a trustee or trustees:
 - (b) the principal or any other employee or employees, or office holder or holders, of the board:
 - (c) a committee consisting of at least 2 persons, at least one of whom is a trustee:
 - (d) any other person or persons approved by the board's responsible Minister:
 - (e) any class of persons composed of any of the persons listed in paragraphs (a) to (d).

In order to carry out effective governance of the school the board has developed the following policy framework:

2. The board's 'Roles and Responsibilities Policy'
3. The 'Responsibilities of the Principal Policy'
4. The Chair's 'Role Description Policy'
5. The Trustees' 'Code of Behaviour Policy'

Relationship principles:

1. A positive, productive working relationship between the principal and the chair is both central and vital to the school.
2. This relationship is based on mutual trust and respect.
3. The two must work as a team and there should be no surprises.
4. The relationship must be professional.
5. Each must be able to counsel the other on performance concerns.
6. The chair supports the principal and vice versa when required and appropriate.
7. There is understanding/acceptance of each other's strengths and weaknesses.
8. Each agrees not to undermine the other's authority.
9. There is agreement to be honest with each other.
10. Each agrees and accepts the need to follow policy and procedures.
11. Agree not to hold back relevant information
12. Agree and understand the chair has no authority except that granted by the board.
13. Understand that the chair and principal should act as sounding boards, both supporting and challenging in order to hold the school to account for achieving the goals and targets that have been set.

G14. Meeting Process Policy

The board is committed to effective and efficient meetings that are focused at a governance level and provide the information the board needs to be assured that all policies, plans and processes are being implemented and progressing as planned. Meetings:

1. Are based on the Triennial Plan (Reviewed annually). The agenda preparation is the responsibility of the principal but approved by the chair. Copies of the agenda of the open (public) session will be made available upon request from the Principal or Board Chair.
2. Are held with the expectation that trustees have prepared for them and will participate in all discussions at all times within the principles of acceptable behaviour.
3. Have the right, by resolution, to exclude the public and news media from the whole or part of the proceedings in accordance with the Local Government Official Information and Meetings Act. Decisions by the board are fully recorded but remain confidential. The board needs to:
 - make the reasons for excluding the public clear
 - reserve the right to include any non-board member it chooses
4. Can be held via audio, audio and visual, or electronic communication providing:
 - all trustees who wish to participate in the meeting have access to the technology needed to participate, and
 - a quorum of members can simultaneously communicate with each other throughout the meeting.

Review schedule: Triennially / BOT reviewed 7.6.18 / BOT reviewed 3.6.21

G15. Board Meeting Procedure Policy

Members of the school community are encouraged to take an active interest in the school and its performance and are welcome to attend all board meetings within the *Public Attending Board Meetings Procedure* (See p. 12).

The school community will be advised of the next board meeting at least four weeks' in advance through the weekly newsletter and school website calendar.

General:

- Meetings are held as per the triennial review schedule with dates confirmed on a term-by-term basis. Changes may occur if agreed to in writing by trustees.
- Board minutes will be taken by a non-trustee paid on a commercial basis on contract.
- The quorum shall be more than half the members of the board currently holding office.*
- Only apologies received from those who cannot be present must be recorded. Trustees who miss three consecutive meetings without the prior leave of the board cease to be members. An apology does not meet the requirement of prior leave. To obtain prior leave, a trustee must request leave from the board at a board meeting and the board must make a decision. *
- The chair shall be elected at the first meeting of the year except in the general election year where it will be at the first meeting of the newly elected board.*
- The chair may exercise a casting vote in the case of equality of votes, in addition to his/her deliberative vote.*
- Any trustees with a conflict or pecuniary interest in any issue shall not take part in any debate on such issues and may be asked to leave the meeting for the duration of the debate.* A pecuniary interest arises when a trustee may be financially advantaged or disadvantaged as a result of decisions made by the board, such as, contracts and pay and conditions. A conflict of interest is when an individual trustee could have, or could be thought to have, a personal stake in matters to be considered by the board.
- Only trustees have automatic speaking rights.
- The board delegates [and minutes] powers under Sections 15 and 17 of Education Act to the Disciplinary Committee.
- The board delegates [and minutes] authority to the deputy principal in the times of absence of the principal.
- The amount the chair and other board members are paid for attendance at board meetings is set by the board. Currently the chair receives \$70.00 per board meeting and board members receive \$55.00 per board meeting. There is no payment for committee or working party meetings.
- Attendance fees are non-taxable within the agreed non-taxable amounts of \$560.00 annually for the chair and \$440.00 for trustees (based on eight meetings annually).

Time of meetings:

- Regular meetings commence at a date and time agreed upon by all trustees and will be of approximately two-hour duration.
- The board may, at its full discretion, agree to continue should the two-hour time-frame be exceeded.
- The board's intention will be to complete all items on the agenda

Special meetings:

- A special meeting may be called by delivery of notice to the chair signed by at least one third of trustees currently holding office.

Exclusion of the public:

- The meeting may, by resolution, exclude the public (going into committee) and news media from the whole or part of the proceedings in accordance with the Local Government Official Information and Meetings Act unless specifically asked to stay. The wording to be used in the motion to exclude the public is found in Schedule 2A of that Act. Excluding the public is most often used to ensure privacy of individuals or financially sensitive issues.*

Public participation:

- The board meeting is a meeting held in public rather than a public meeting.
- Public participation is at the discretion of the board.
- Public attending the meeting are given a notice about their rights regarding attendance at the meeting. *Public Attending Board Meetings Procedure* (See p. 12).

Motions/amendments:

- A motion is a formal proposal for consideration. All motions and amendments moved in debate must be seconded unless moved by the chair and are then open for discussion.
- Motions and amendments once proposed and accepted may not be withdrawn without the consent of the meeting
- No further amendments may be accepted until the first one is disposed of
- The mover of a motion has right of reply
- A matter already discussed may not be reintroduced at the same meeting in any guise or by way of an amendment

Tabling documents

- When written information is used in support of a discussion, it should be tabled so that it can be examined by those present. It then forms part of the official record.

Correspondence

- The board should have access to all correspondence. Correspondence that requires the board to take some action should be photocopied/scanned and distributed prior to the meeting. Other correspondence can be listed and tabled so that trustees can read it if required.

Termination of debate:

- All decisions are to be taken by open voting by all trustees present.

Lying on the table

- When a matter cannot be resolved, or when further information is necessary before a decision can be made, the matter can be left unresolved for future discussion.

Points of order

- Points of order are questions directed to the chair which require an answer or a ruling. They are not open to debate and usually relate to the rules for the running of a meeting.

Suspension of meeting procedures:

- The board's normal meeting procedures may be suspended by resolution of the meeting.

Agenda:

- Agenda governance items are to be notified to the chair by the Friday immediately prior to the following week's meeting
- Late agenda items will only be accepted with the approval of the board and in rare circumstances where a decision is urgent
- The order of the agenda may be varied by resolution at the meeting.
- All matters requiring a decision of the board are to be agended as separate meeting items.
- All items in the agenda are to carry a recommended course of action and where appropriate be supplemented by supporting material in the agenda documentation.
- The agenda is to be collated with the agenda items placed in the agenda order and marked with the agenda number.
- Papers requiring reading and consideration will not normally be accepted if tabled at the meeting.
- Papers and reports are to be sent to the board 48 hours before the meeting.

Minutes

- The principal is to ensure that secretarial services are provided to the board.
- The minutes are to clearly show resolutions and action points and who is to complete the action.
- A draft set of minutes is to be completed and sent to all trustees within eight working days of the board meeting. Sighted/trustee input to minutes are then distributed to trustees within two working days (48 hours) of the meeting.

G15.1 Public Attending Board Meetings Procedure

The Board of Trustees welcomes public presence at board meetings and hopes that members of the public enjoy their time observing board meetings.

In order that members of the public understand the rules that apply to then attending board meetings these procedures will be provided and followed unless otherwise authorised by the board.

- 1 Board meetings are not public meetings but meetings held in public.
- 2 If the meeting moves to exclude the public (usually this is to protect the privacy of individuals) then you will be asked to leave the meeting until this aspect of business has been concluded.
- 3 Members of the public may request speaking rights on a particular subject that is on the agenda. Preferably this request has been made in advance. Public participation is at the discretion of the board.
- 4 Speakers shall be restricted to a maximum of three minutes each per subject, with a time limit of fifteen minutes per interest group.
- 5 No more than two speakers on any one topic.
- 6 Speakers are not to question the board and must speak to the topic.
- 7 Board members will not address questions or statements to speakers.
- 8 Speakers shall not be disrespectful, offensive, or make malicious statements or claims.
- 9 If the chair believes that any of these have occurred or the speaker has gone over time they will be asked to finish.

Please note: Members of the public include staff, students and parents of the school who are not trustees on the board.

G20. Concerns and Complaints Policy

Rationale:

The School Community contains diverse interests and viewpoints. Suggestions, concerns and complaints are likely to arise from this diversity. Procedures need to be put in place for dealing constructively and fairly with them. These procedures should be fair, straightforward, well-publicised and readily available to all concerned. Knowledge of these procedures should increase confidence between school staff, parents and community.

Legal Requirement:

The Board of Trustees has a legal obligation to act as a good employer and community representative (**BOT amended 4.4.19**) with regard to natural justice. The Board has an obligation to act in accordance with conditions set out in the relevant NZSTA Collective Agreements.

Guidelines:

1. In the matter of a concern, persons may choose to go to the individual involved. Many matters will be resolved in this way. A mutual time and place might need to be arranged for such a meeting so that relevant material can be gathered to resolve the concern by email or in person. (**BOT amended 4.4.19**)
2. If such an approach does not lead to resolution the matter is to be referred to the Principal, informally, who will endeavour to resolve the concern.
3. A formal complaint should be put in writing to the Principal. A copy of this complaint will be given to any other party or parties concerned. An initial formal interview needs to be requested. A record of the interview and any ensuing interviews will be kept recording the point(s) made, negotiated outcomes and a timeline for review when appropriate. This record will be signed and retained by all parties. If resolution is still not reached then go to Procedure 5.
4. In the case of a concern or complaint against the Principal then Procedure 1 should be followed. If this fails to result in a resolution of the concern then go to Procedure 5.
5. If a resolution is not reached, then the matter should be put in writing to the Board of Trustees Chairperson. The Chairperson may (**BOT amended 4.4.19**) seek help from the New Zealand School Trustees Association Industrial Relations Advisor and such advice will be followed. The person/s the complaint concerns will be encouraged to seek support from NZEI or appropriate union, whanau, family, friends etc. The complaint will be tabled at the next Board of Trustees meeting and the BOT will be informed by the chair 'in committee' if of an employee nature (**BOT amended 4.4.19**) of steps being taken to resolve the issue.
6. If resolution is still not reached, then the matter will be referred to either the Ministry of Education, Mediator or Arbitrator approved by all parties, who shall be independent from the School. The MOE/Mediator/Arbitrator will review the information and report back to the BOT with recommendations for appropriate actions.

Note: Steps 6 & 7 will only apply if of an employee / employer nature (**added 4.4.19**)

7. Persons intending to take matters further should inform all parties to the dispute and proceed to the next stage of the procedure as quickly as possible so that a resolution is obtained promptly.
8. In all other circumstances, advice should be obtained from NZSTA. (**BOT amended 23.8.17**)

9. Following a concern or complaint, the process to be followed and the outcomes(s) achieved will be formally reported in writing to all related parties in a timely manner. **(BOT amended 23.8.17)**

Conclusion:

The views of individuals in the School Community are important to the life of the School. It is essential that individuals feel free to express their view, concerns and complaints. There is a need to recognise and accept the role of the Principal as the professional leader and manager of the School and to recognise the governance role of the Board of Trustees. We ask that users of this Policy recognise there are leadership and personnel matters that will require confidentiality.

O2.2. Protected Disclosures Policy

The Broadlands School Board of Trustees ensures procedures are in place to meet the requirements of the Protected Disclosures Act 2000

Guidelines:

Procedures for making a protected disclosure under the Protected Disclosures Act 2000

1. If on reasonable grounds you have information that a serious wrongdoing is occurring (or may occur) within the school and you wish to disclose that information so it can be investigated you can make a protected disclosure to the Principal.

1. This can be done verbally or in writing. You should identify that the disclosure is being made under the Protected Disclosure Act and is following the Board procedure, provide detail of the complaint (disclosure), and whom the complaint is against.

1. If you believe the Principal is involved in the wrongdoing, or has an association with the person committing the wrongdoing that would make it inappropriate to disclose to them, then you can make the disclosure to the Chairperson of the Board of Trustees.

1. It is then up to the person you disclose to, to decide if the disclosure constitutes serious wrongdoing, and that the allegations need investigating.

They can decide:

- a. To investigate the disclosure themselves.
- b. To forward the disclosure to the Board or a committee of the Board to investigate.
- c. Whether it needs to be passed on to an **appropriate authority**. If it goes to an appropriate authority they will advise you that they are now investigating a complaint.

1. If you believe that both the Principal and the Chairperson of the Board of Trustees may be a party to the wrongdoing or in close relationship with the person/s involved in the wrongdoing you can approach an external “appropriate authority” yourself.

Who is an “appropriate authority”?

1. As noted above, in some circumstances the disclosure could be made to an appropriate authority by yourself or the person to whom you have made the disclosure. An appropriate authority is defined in the Act as including:

“(a) includes ...

- i. The Commissioner of Police:
- ii. The Controller and Auditor-General:
- iii. The director of the Serious Fraud Office:
- iv. The Inspector-General of Intelligence and Security:
- v. An Ombudsman:
- vi. The Parliamentary Commissioner for the Environment:
- vii. The Police Complaints Authority:
- viii. The Solicitor-General:
- ix. The State Services Commissioner:
- x. The Health and Disability Commissioner: and

(b) includes the head of every public sector organisation, whether or not mentioned in paragraph (a)”.

1. Clause (b) can mean that in certain circumstances the appropriate authority could be the Secretary of Education of the Ministry of Education or the Chief Review Officer of the Education Review Office (ERO).

Why can't I just go to the appropriate authority myself?

8. There are three circumstances when you can go directly to the appropriate authority:

- a. When you believe that the head of the organisation is also a party to the wrongdoing or has an association with the person which would make it inappropriate for them to investigate.
- b. If the matter needs urgent attention or there are other exceptional circumstances.
- c. If after 20 working days there has been no action or recommended action on the matter to which the disclosure related.

Otherwise you need to go through the internal process.

What happens if even the appropriate authority does nothing?

9. You could then make the disclosure to the Ombudsman (unless they were the authority you have already disclosed to) or a Minister of the Crown.

10. The Act does not protect you if you disclose information to the media, a social media forum (**amended 26.5.22**) or a member of Parliament other than a Minister of the Crown in the circumstances referred to above.

Where can I find out more information?

11. If you notify the Office of the Ombudsman verbally or in writing, that you have disclosed or are considering a disclosure under this Act, they must provide information and guidance on a number of matters including those discussed here and the protections and remedies available under the Human Rights Act 1993 if the disclosure leads to victimisation.

12. A copy of the Act can be found on the internet at Legislation online

http://www.legislation.govt.nz/act/public/2000/0007/latest/DLM53466.html?search=ad_act%40bill%40regulation%40deemedreg_protected+disclosure+act_2000_25_ac%40bc%40rc%40dc%40apub%40aloc%40apri%40apro%40aimp%40bgov%40bloc%40bpri%40bmem%40rpub%40rimp_ac%40bc%40rc%40ainf%40anif%40bcur%40rinf%40rnif_a_aw_se&p=1

08. Child Protection Policy (To be included by BOT Resolution 20.9.17)

Principles

Broadlands School is committed to the prevention of abuse and to the well-being of children, young people, vulnerable adults and their families.

All services provided by Broadlands School adhere to the principles of partnership, protection and participation and the rights and responsibilities accorded by Te Tiriti o Waitangi.

Purpose

The purpose of this policy is to provide Broadlands School staff guidelines by which to identify and respond appropriately to concerns of abuse and neglect and to understand their role in keeping children safe.

The policy will be reviewed annually and up-dated regularly in light of operational experience and in line with changes in legislation and related policies.

Broadlands School recognises that all staff and Trustees have a full and active part to play in protecting students from harm. Overall responsibility for the implementation of this policy rests with the Principal of Broadlands School, although the Board of Trustees is responsible for the annual review of this policy.

Scope

This policy covers all staff of Broadlands School who have direct or indirect contact with children. This includes teaching staff, non-teaching staff (including Support Staff), professional visiting staff and voluntary personnel invited to provide services to children and the school community.

The policy also covers the Board of Trustees and their responsibilities in the safety and well-being of children.

Definitions

For the purposes of this policy, 'child' means a boy or girl under the age of 14 years; Young person means a boy or girl of or over the age of 14 but under 17 years; but does not include any person who is or has been married or in civil union (Children, Young Person and Their Families Act, 1989, Section 2)

Legislation

The following legislations under this policy must be considered:

Education and Training Act 2020
Children, Young Persons and Their Families Act 1989
Crimes Act 1961
Domestic Violence Act 1995
Privacy Act 2020
Vulnerable Children Act 2014
Care of Children Act, 2004
Employment Relations Act 2000
State Sector Act 1988
National Administrative Guidelines 5
Human Rights Act 1993
Health and Safety at Work Act 2016

Definitions of Child Abuse

The Children, Young Persons and their Families Act, 1989, defines child abuse as "...the harming (whether physically, emotionally, sexually), ill-treatment, abuse, neglect, or deprivation of any child or young person".

The following definitions provide some indicators of abuse and these should not be seen as an exhaustive list or as a checklist.

Physical abuse is a non-accidental act on a child that results in physical harm. This includes, but is not limited to, beating, hitting, shaking, burning, drowning, suffocating, biting, poisoning or otherwise causing physical harm to a child. Physical abuse also involves the fabrication or inducing of illness.

Emotional abuse is the persistent emotional ill treatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. This can include a pattern of rejecting, degrading, ignoring, isolating, corrupting, exploiting or terrorising a child. It may also include age or developmentally inappropriate expectations being imposed on children. It also includes seeing or hearing the ill treatment of others.

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities (penetrative and non-penetrative, for example, rape, kissing, touching, masturbation) as well as non-contact acts such as involving children in the looking at or production of sexual images, sexual activities and sexual behaviours. Staff should be aware of their 'duty of care' which precludes developing a sexual relationship with or grooming

of a child. A sexual relationship between an adult and a child will always be wrong, unequal and unacceptable.

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, causing long term serious harm to the child's health or development. It may also include neglect of a child's basic or emotional needs. Neglect is a lack: of action, emotion or basic needs.

Family violence is physical, emotional, sexual and other abuse by someone of a person with whom there has been or is some form of intimate or sexual relationship, such as marriage or cohabitation, in order to maintain power and control over a person. It is important to be vigilant to any physical or emotional signs, particularly in children.

Roles and Responsibilities of Staff

It is the responsibility of all staff to be vigilant, have knowledge and awareness of the indicators of neglect, potential or actual abuse and to report any concerns, suspicions or allegations of suspected abuse immediately to the Principal.

Broadlands School will have appointed the Principal as the '**Designated Person for Child Protection**' as the lead person. In the Principal's absence, the Deputy Principal will assume this responsibility.

The '**Child Safety Team**' will consist of the Principal, Deputy Principal and SENCo.

The Board of Trustees has an ongoing commitment to appropriate training, development and supervision in child protection. (**Added 2.9.21**)

Safe Working Practices

Broadlands School will provide all staff with clear guidelines on staff behaviours that ensures consistency of actions that keep children and staff safe.

All staff are expected to behave in a manner consistent with their professional 'Code of Conduct'.

The relationship between an adult and a child or young person cannot be a relationship between equals. There is the potential for exploitation and harm of vulnerable young people. Therefore, adults have a responsibility to ensure that an unequal balance of power over children is not used for personal advantage or gratification.

Child Protection Procedures

Any issues of suspected child abuse must be taken seriously and handled in an appropriate manner that ensures the child's safety.

The '**Designated Person for Child Protection**' is responsible for ensuring that the procedure for reporting child abuse is effective and timely. If a member of staff has a child protection concern then they must inform the Designated Person as soon as possible.

All concerns of potential, suspected or alleged abuse must be immediately brought to the attention of the Designated Person. If the Designated person is unavailable, then the other Designated Person. At this time, a decision will be made to seek further advice or notify Child, Youth and Family.

If a child makes a verbal disclosure to a person(s) named above under 'Scope', it is important that that person(s) take what the child says seriously.

Under **NO CIRCUMSTANCES** should this person attempt to investigate or deal with concerns regarding alleged child abuse alone.

All decisions taken, including if the concern does not require notifying Child, Youth and Family, must be recorded in writing and kept securely in a Child Protection file, electronic and/or hard copy, with the reasons clearly identified and explained.

Giving information to protect children is not a breach of confidentiality. Guidance for sharing information with related parties is to be sought from either the NZ Police or Child, Youth and Family.

Principle 11 of the Privacy Act, 2020, states “Disclosure of the information is necessary to prevent or lessen serious threat.”

Allegations Against Adults (Named under ‘Scope’)

Broadlands School will respond to suspicions and allegations of child abuse by a member of staff in a manner which best ensures children’s or young persons’ immediate and long-term safety and will treat suspicions or allegations against a staff member with the same seriousness as suspicions or allegations made against any other person.

Broadlands School will not act alone and will refer all suspected situations of child abuse to the NZ Police and/or Child, Youth and Family. The safety of the child will be the primary consideration, and no person in this organisation will collude to protect an adult or an organisation.

Allegations will be treated in such a way that the rights of adults and the stress upon the staff member are also taken into consideration.

When abuse is suspected or an allegation made against a staff member, the first consideration will be to ensure the safety of the child.

When abuse is suspected, staff will follow the process for ‘**Child Protection Procedures**’ included in this policy. It is **NOT** the responsibility of staff to investigate allegations of child abuse.

When there are suspicions of abuse by a staff member, both staff and children’s rights are to be attended to. This means that the safety of the child is of first concern, and that the staff member must have access to legal and professional advice.

The person managing the child abuse issue will not be the same person as that managing the employment issue. The suspected person named under ‘Scope’ will be prevented from having further unsupervised access to children during any investigation and will be informed fully of their rights.

Staff will declare to a senior person any situation where there could be a conflict of interest and provision made on a case-by-case basis about who will handle the process. If a child discloses abuse, staff will follow the established guidelines within this policy.

Broadlands School will adhere to the principles of the Employment Contracts Act and give the staff member all information regarding his or her rights. It recognises the added stress to fellow staff in such a situation, and will ensure support is available.

The ‘**Designated Person for Child Protection**’ must immediately ensure that the suspected individual does not have any contact with the child making the allegation. A risk assessment must be undertaken to determine what level of access, if any, that person should have, to other children.

If the police decide to undertake a criminal investigation then the member of staff may be suspended, without prejudice, as a precautionary measure. It is important that no internal investigation is undertaken, and no evidence gathered that might prejudice the criminal investigation.

If Broadlands School is aware that a member of staff it has placed on precautionary suspension also works with children for another organisation, either as an employee or a volunteer, it should ensure that the other

organisation is informed of the suspension and the subsequent outcome. Consultation with Child, Youth and Family or the NZ Police will determine how this information is conveyed.

Broadlands School will liaise with Child Youth and Family and the NZ Police regarding the progress of the investigation.

If there is insufficient evidence to pursue a criminal prosecution, then a disciplinary investigation may still be undertaken if there is "reasonable cause to suspect" that abuse may have occurred. The allegation may represent inappropriate behaviour of poor practice by a member of staff which needs to be considered under internal disciplinary procedures.

If the NZ Police decide to undertake a criminal investigation, then the member of the staff may be suspended, without prejudice, as a precautionary measure. It is important that no internal investigation is undertaken, and no evidence gathered, that might prejudice the criminal investigation.

09. Well-being / Hauora Policy – Students

Principles

The Broadlands School Board of Trustees believes that all students have the right to a safe school environment. It is committed to eliminating bullying in any form (as defined below) that causes, or has the potential to cause, undue anxiety or stress to others, thus compromising the supportive, caring, learning and safe environment it is determined to provide.

Through the Principal, the Board promotes virtuous behaviours within a culture that will not tolerate bullying or anti-social behaviour in any form.

A 'zero tolerance' to bullying applies ensuring that the Board and staff take appropriate and prompt action, as specified within the policy, should such behaviour be observed or reported within the school.

Objectives:

1. To educate the school community that bullying in any form is unacceptable
2. To provide guidelines to staff for the management of bullying should it occur
3. To establish procedures which supports the elimination of bullying and anti-social behaviour including

- the teaching of strategies to all stakeholders to deal with bullying when it occurs.
4. Through its Virtues, promote an 'anti-bullying' culture amongst all stakeholders which makes clear that bullying is never acceptable

Definition of Bullying

Bullying is defined as the process of repeatedly intimidating or mistreating another person deemed by the bully to be in a weaker or more vulnerable situation. The intent is to cause embarrassment, physical or emotional pain, and discomfort to another person.

Bullying can be directed at particular students because of the characteristics that, in the bully's eyes, sets them apart in some way. Actions can be highly calculated or be a random act repeated as the bully dictates.

Bullying behaviours may be verbal, non-verbal in nature.

An integral aspect of the interaction between a bully and the victim is the inability of the victim to have the strategies to defend himself/herself.

Defining a Bully

Bullies are often attention seekers who establish their power base by testing the response of less powerful members of the group watching how they react to their bullying actions.

They will establish, through observation, how the target of bullying staff, parents/caregivers, student leaders and peers react to and deal with their bullying strategies.

They bully because they believe that they are popular and have the actual or perceived consent of their peers, albeit a small group of like-minded peers.

They bully because they perceive that they gain mana, confidence and self-esteem from their actions and that it makes them 'popular'.

A bully will continue their behaviour if they deem there to be no consequences for their actions by those in authority, the target does not complain and if the bully's peers group silently or even actively collude.

Types of Bullying

The Board of Trustees deems the following to be common bullying-type behaviours:

1. Physical / Non-verbal:

At Broadlands School, we will place the well-being of our students as our absolute priority.

In managing a bullying incident, be it observed or alleged, the teacher and/or management, will assess the nature and seriousness of the observed or alleged bullying behaviour(s) and act accordingly.

At all times, the approach must be undertaken in a caring, supportive and empathetic manner ensuring that active listening strategies are employed.

If bullying is suspected, we will:

- Openly talk about bullying in 1:1, small group, class/peer group and school-wide settings.
- Talk to the target (either 1:1 or group depending on circumstances) and to any witnesses.
- Talk to the alleged bully (either 1:1 or small group)
- If the allegation(s) are proven to be true, talk to the bully indicating that the behaviour is unacceptable.
- Implement actions including the appropriate consequence(s) which will vary depending on the nature, severity and historical frequency of the bullying (See 'Actions' below)
- Teach our students the strategies to deal with bullying behaviours including walking away, empowering the target to have the confidence and self-esteem to respond and take a fair measure of responsibility for themselves and through reporting the bullying to a teacher, management, friend, and/or family members/whanau.
- Reinforce our 'Virtues' culture with all stakeholders
- Support and reassure the target throughout the process
- Provide a 'safe place'

Actions when Bullying is Proven

Without undermining the impact of each and every bullying incident, it is important that all actions taken are consistent, fair and respect natural justice for all parties. Actions applied must also consider the nature, severity and historical frequency of the offending.

Actions will include a combination of one or more of (**added 3.6.21**) the following:

010. Well-being / Hauora Policy - Staff

Principles

The Broadlands School Board of Trustees believes that all staff have the right to a dignified and safe school environment. It is committed to preventing and eliminating bullying and harassment in any form (as defined below) that causes, or has the potential to cause, undue anxiety or stress to others, thus, compromising the supportive, caring and safe environment it is determined to provide.

Through the Principal, the Board promotes virtuous behaviours within a culture that will not tolerate work-place bullying or harassment in any form. The staff have a collective responsibility to take the appropriate action(s) to deal with bullying and/or harassment should it arise.

A 'zero tolerance' applies ensuring that the Principal and Board take prompt action, as specified within the policy, should such behaviour be observed or reported within the school.

In general, the overall well-being of all employees; physically, emotionally, socially and spiritually (**amended 24.2.21**), or Te whare Tapa Wha; being the four pillars of hauora, are paramount. Therefore, monitoring of their well-being must be closely monitored by the Principal and Senior Management to ensure that a safe and emotionally supportive culture exists.

Objectives:

1. To educate all employees that work place bullying and harassment, in any form, is unacceptable
2. To provide guidelines to employees for the management of bullying and harassment should it occur
3. Through its Virtues, promote an anti-bullying and harassment culture amongst all stakeholders
4. To establish and maintain a culture of respect for a range of human values and character strengths for the school and community
5. To create and maintain a healthy and positive workplace culture where employees feel valued
6. To be proactive in the repair of working relationships

Definition of Bullying

Bullying is defined as targeted, deliberate and unreasonable behaviour, repeated over time, intended to humiliate, undermine, or otherwise have a detrimental effect on the recipient and/or pose a risk to their health and safety even though it may be unlawful.

Definition of Harassment

Harassment is defined as an unwelcome comment, conduct or gesture that is insulting, intimidating, humiliating, malicious, degrading or offensive. It may be repeated, but unlike bullying, harassment may be an isolated incident. But regardless, it may be so significant that it adversely affects a staff member's performance and self-esteem within the work environment.

Harassment can be:

- Physical
- Degrading
- Threatening
- Intimidating
- Malicious
- Verbal
- Non-verbal

Harassment can involve:

- Abuse of power
- Isolation
- Discrimination
- Sexual harassment (including gender bias)
- Racial harassment
- Cyberspace (including all social media forum and text messaging)
- Solicitation from another person
- Intentional damage to another person's property

Harassment is behaviour unwanted or uninvited by the recipient, even if the recipient does not specifically tell the perpetrator that the behaviour is unwanted. It may be unintentional behaviour borne out as an immature or naïve act.

As per definition, a single incident is not considered bullying but can escalate if ignored.

Managing a staff member's performance within Broadlands School's policy and procedures when considered in conjunction with the Principal or Board of Trustees' obligations to PPCA, PTCA, SSCA, CCCA and its NZEI legal and their respective employment terms and conditions, is not considered bullying or harassment.

Regardless, a culture of natural and fair justice will apply.

Concerns and Complaints

Staff who believe they have experienced bullying or harassment in the workplace, including alleged bullying or harassment from a parent/caregiver, should act promptly and are encouraged to follow the internal processes as detailed within the Broadlands Schools 'G20 Concerns and Complaints Policy'.

Investigation and Resolution

Any formal complaints under this policy must be in writing. The Principal and/or Board of Trustees will not investigate complaints that are anonymous.

A staff member making a formal complaint under this policy will be expected to provide documented evidence, including anecdotal, of the incident/incidences of behaviour deemed by the complainant to be bullying or harassment.

The staff member making a formal complaint under this policy may request to be removed from the work situation whilst an investigation is being undertaken.

If, as an outcome of the investigation, it is determined that bullying or harassment has occurred, any remedial action and/or consequences will be in accordance with the employer's and employee's rights including the applicable CA.

If, as an outcome of the investigation, it is determined that an intentional false complaint was made, the staff member may be subject to disciplinary action in accordance with the employer's and employee's rights under the applicable CA.

The Principal and Board of Trustees will endeavour to seek a low-key solution, thus, alleviating the need for a formal process to ensue.

Employees' Responsibilities

Individual staff members have a responsibility to:

- Avoid behaviours which may be perceived by others as bullying or harassment
- Not encourage, in any way, undesirable or unwanted behaviours
- Promptly raise a concern with the Principal, other senior management or Board of Trustees following the steps outlined within 'G20 Concerns and Complaints Policy'.
- Employees have an individual and collective responsibility to maintain a positive and appreciative workplace culture.

Employer's Responsibilities

The Principal and/or (**Amended 22.8.19**) Board of Trustees:

- Have a legal obligation to act judiciously upon receiving a written complaint of bullying or harassment
- Must take reasonable steps to ensure that the complainant is protected from retaliation or unjustified disadvantage
- Must ensure that appropriate levels of confidentiality are maintained
- Must provide the employee with the opportunity to seek independent and confidential counselling should the employee deem this to be necessary. This will be at no cost to the employee. Note: Counsellors are to be NZEI-approved, even for non-NZEI members.
- Conduct staff climate surveys as deemed necessary
- Ensure that the relevant policies and procedure are reviewed as per 'Governance Framework – Triennial Plan'

012. Behaviour Management Policy

Principles

An inclusive and culturally responsive school culture strongly influences student behaviour and learning which requires strategic and careful management from both Management and the Board of Trustees.

When certain conditions align, a students' behaviour can create barriers to learning which inhibit well-being for both the student and those around them.

As learning, behaviour and well-being are inseparable, matching the learning environment, its design and the students' learning needs (special needs and abilities), learning dispositions and interests is critical.

Definition

Behaviour is defined as the way one acts or conducts oneself, especially towards others. It is often a response to a situation or stimulus.

Behaviour Principles

The following statements are deemed to be fundamental to the management of desirable behaviours:

- Behaviour is a form of communication
- A differentiated curriculum with effective teaching and learning strategies is more likely to engage the learner and manage good behavior
- An environment that is student-centred, high interest and low stress is most conducive to learning and good behavior
- Positive strategies increase the likelihood of desirable behaviours
- Behaviour is directly linked to social and emotional development
- Role modeling of desirable behaviours, including that of peers, is a fundamental practice
- Classroom teachers' ability to recognise and manage emotional signals/triggers is critical
- The engagement of parents/caregivers and whanau in the process will significantly increase the likelihood of a positive and sustainable outcome
- School-wide expectations and guidelines must be clearly articulated and consistently applied school-wide by all classroom teachers and management

Behavioural Strategies School-wide

Teachers have a direct and powerful influence over student behaviour at school. Quality professional learning and development can support teacher practice to support student learning and a teacher's capacity to effectively facilitate, co-construct and maintain a positive learning environment.

Understanding student behaviour:

- Deeply understanding student behavior patterns and why they occur
- Understand the role and nature of the teacher/adult response

Creating a classroom environment and culture that supports positive behaviour for learning:

- Remove barriers to learning from the outset
- Establish clear routines, support systems and transitional practices at all year levels
- Co-construct behavioural expectations with students as a genuine partnership
-

Build relationships that support learning and well-being:

- Establish, sustain and continue to strengthen peer, teacher and whanau relationships at all levels
- Build a culture of trust that sits within the Broadlands School Virtues-based culture
- Build a culture that nurtures inclusive practices and a safe environment

Integrate positive behaviour strategies into classroom practice:

- Teach and nurture social and problem-solving skills and strategies based, in part, upon the Broadlands School Virtues aligned with the NZ Curriculum's Key Competencies
- Identify, co-construct, role model and teach desirable behaviours
- Co-construct individual plans in partnership with all relevant stakeholders
- Minimise or eliminate identified barriers to learning and behavioural 'triggers'

Increasing attention, encouragement, praise and incentives:

- Use praise to encourage behaviours that support learning and well-being
- Use incentive strategies to effectively motivate desirable behaviours that support learning and well-being
- Encourage on-task behaviours
- Provide highly specific, task-orientated and constructive feedback and feedforward
- Use the Virtues Awards' system (including Assembly) to acknowledge virtuous behaviours

Note: In all situations, reference to the Broadlands School Virtues is the preferred 'first-step' strategy.

Daily Management

The daily management of incidental behaviours are primarily the responsibility of the classroom teacher.

If incidental behaviours escalate, then the Principal and parent/caregiver may become directly involved if deemed necessary by the classroom teacher.

Restorative and/or punitive measures may need to be considered depending on the nature and frequency of the behaviour.

The Principal must NOT be considered the initial punitive measure consequence as, at all times, classroom teachers must maintain their own integrity and position of authority in the process. Assertiveness is essential as it involves confirming rights and responsibilities with respect to school guidelines.

The Principal is there to support should further measures be required whilst also giving timely reminders at school assemblies when required.

Surrender and Retention of Personal Property

The Board recognises and complies with the requirements of the surrender and retention of property and searches of students by the Principal, teachers and authorised staff members under Sections 105-114, part 3, subpart 4 of the Education and Training Act 2020.

[Guidelines for Surrender and Retention of Property and Searches](#)

Bullying and Harassment

ALL incidents involving bullying and harassment must be immediately reported to the Principal.

Parental Concerns

If a parent has a concern about the behaviour of their own or another student, the parent must contact the school directly, preferably the classroom teacher in the first instance, followed by the Principal.

The Board strongly encourages parents/caregivers to contact the school in person, by phone or by email and NOT approach either the student(s) or parents/caregivers directly as this action may cause undue tension.

Restorative Strategies

A restorative justice process with key stakeholders should reflect communicated expectations, actions and consequences so that respect, responsibility, dignity and natural justice for the individuals involved are upheld at all times.

The following four questions must guide all restorative practices:

- What happened? (Tell the story)
- Who do you think has been affected? (Explore the harm)
- What do you need to put things right? (Repair the harm)
- How can we make sure this doesn't happen again? (Offer support)

Depending on the circumstances, punitive measures may or may not be applied.

- For further support: info@restorativesolutions.co.nz

Interventions

Where on-going behaviour continues to cause concern, the classroom teacher and/or Principal may discuss the concerns with the SENCo. A collaborative IEP may be required.

Where deemed appropriate, further assistance and learning support may be sought with an external agency such as the RTLB or Special Education.

Punitive Strategies

Consequences for specific behaviours deemed serious enough are an important part of life, a student's learning and personal growth. Therefore, appropriate consequences and actions need to reflect this.

Measures may include the writing out of virtues, a letter of apology, community service (such as picking up rubbish and sweeping), additional classroom time and more formally for more serious offences, a Detention, which is documented on our SMS, eTAP..

Seclusion

The Board defines seclusion as 'the act of involuntarily placing a student in a room by themselves, for a given period of time, where they are unable to leave of their own will. It is deemed inappropriate and can be emotionally damaging which has the potential to cause self-imposed physical harm to a student.

Seclusion is a prohibited action at Broadlands School.

Time-Out

The Board defines 'time-out' as 'the act of non-physically removing a student from a situation where the student is required to go to a specified area within the classroom, or another part of the school, in order to calm down.'

If deemed necessary by the classroom teacher and/or Principal, a student may be separated from other students as above but in an area that is visible to staff.

The amount of time spent in 'time-out' will vary depending on the severity and duration of the behaviour.

Internal Stand-down

If severe enough, an 'Internal Stand-down' may be considered. In this situation, parents/caregivers will be contacted.

The amount of time spent in an 'Internal Stand-down' will vary depending on the severity and duration of the behaviour. At all times, effective strategies will be used to de-escalate and calm the situation.

Stand down and Exclusion

In all situations involving the potential for Stand down or Exclusion involving serious misbehaviour or serious risks to student or staff safety, a process that is fair, transparent, flexible and recognised natural justice must be followed.

The Board and Principal must consider all the circumstances and factors BEFORE making the decision to Stand down or Exclude.

The following guidelines should be adhered to.

- www.minedu.govt.nz/sdsguidelines
- Education and Training Act 2020

Physical Restraint

As this is a serious intervention, legislation authorises a teacher or persons employed and authorised by the Board of Trustees (**amended 2.9.21**) to use physical restraint if he/she reasonably believes that there is a serious or imminent risk to the safety of the student or others.

Physical restraint should be proportional to the level of risk the student or their behaviour poses and should end as soon as the safety of everyone involved is assured. If physical restraint is warranted, the level of restraint physical restraint should only be applied by staff trained in its safe use.

Staff should use preventative and de-escalation techniques (see the Ministry of Education guidelines referenced below) if a student's behaviour is becoming out of control and/or poses a danger to themselves or others. The other students can be removed from the situation which may calm the student down.

Broadlands School has procedures in place for managing student behaviour and guidelines around the care and management of students. The key point is to safeguard the well-being of students, staff and others whenever behaviour management issues arise.

Examples may include:

- Breaking up a fight
- Stopping a student from moving in with a weapon
- Stopping a student who is throwing an object close to others who could be injured
- Preventing a student from running on to a road

The Guidelines for Registered Schools in New Zealand on the Use of Physical Restraint must be followed in all circumstances (see below).

It is important that management monitor the student, and the person who applied the physical restraint for signs of distress or shock in the aftermath of the incident.

The school holds a debrief after the incident, using the Ministry of Education's appropriate forms. This will examine the events leading up to it, the interventions used and what could have been done differently. Staff must complete a 'Staff Physical Restraint Incident' form within 24 hours.

An 'Incident of Physical Restraint Form' is to be completed and given to the Principal, who will notify the MOE using their approved format. The Board is notified of any incident involving physical restraint at the next available BOT meeting or earlier if deemed by the Principal to be the correct course of action.

Parents/caregivers whose child was involved in the incident should be notified on the same day, as soon as practically possible. They should be invited to offer suggestions to avoid the use of restraint in the management of their child's behaviour. Any complaints from parents/caregivers should be dealt with through the school's 'Concerns and Complaints Policy' process. The Ministry of Education and/or School Trustees can be contacted for advice, if necessary.

Students with high-risk behaviours should have an 'Individual Behaviour Plan' in place. Key staff members and parents/caregivers are involved in the development of the plan. All staff working with the particular student are fully briefed on the agreed protocols in the plan, and all staff are made aware that there is an 'Individual Behaviour Plan' in place for the student.

Physical restraint is a last resort action.

All staff will receive training in the use of physical restraint techniques.

Monitoring the Use of Physical Restraint

The principal, or delegate, monitors the use of physical restraint and collates information about any incidents.

The principal shares this information with the board through the Principal's Report at each relevant Board Meetings In-Committee.

Staff Training in Physical Restraint

As required, all staff will receive training in 'Understanding Behaviour Responding Safely'/UBRS by a Ministry-approved RTLB and/or UBRS facilitator.

Physical Contact

When staff are dealing with a student one-to-one, ensure that wherever possible, that the area is not closed off from other people.

Staff should be aware that students with high learning needs may require additional health and safety supervision.

The Board prohibits the use of corporal punishment.

Staff must avoid physical contact with students that could be considered intimate, sexual, threatening, intimidating and/or violent.

If an adult/ teacher is physically attacked by a student, the teacher has the right to protect themselves without causing injury to the student involved. The incident must be immediately reported to the Principal.

If a student is unable to be restrained in any other way, the adult/teacher may physically restrain the student as appropriately as possible and must seek teacher/adult support. Refer to **Physical Restraint** above.

O13. Attendance Management Policy

Statement

Broadlands School is committed to encouraging attendance and managing absences, particularly those at risk of truancy. We believe that stable attendance provides a greater likelihood of engagement in learning.

Broadlands School is Ministry of Education-authorized to use an electronic Attendance Register (eAR) through its Student Management System (SMS), Edge (from Term 3/2021).

Broadlands School is proactive in its management of attendance, including:

1. Analysis of attendance data.
2. Informing the Board of Trustees, teaching staff and community of attendance procedures and attendances of concern. This may include general reminder notices as required in the 'Broadlands Bulletin'.
3. Follow-up (as required by Policy and Procedure).
4. Staff training, including new staff induction (as required).
5. Recognising 100% attendance at the final assembly of each term.

The following procedures have been developed to ensure that efficient attendance-focused protocols exist in order to maximise student attendance.

Procedures

1. Recording attendance:

- Student attendance will be recorded twice-daily on the SMS at 9.00am and 1.30pm by the classroom teacher.
- SMS set codes will be used if the reason for the absence is known. For any unknown reason, a ? will be used. If still undetermined, then a T will be used.
- All notes, emails and verbal information received by classroom teachers must be forwarded to the Office when provided.
- If a relief teacher or other has no access to the SMS, the class lists/board will be used.

2. Students Arriving Late

- Students arriving late are required to sign-in on the VisTab tablet in the Office. This will be recorded as an L on the SMS.

3. Students leaving during the day

- Students required to leave school early during the day with an authorised adult, are required to sign-out on the VisTab tablet in the Office. Both the classroom teacher and the Office must be aware of the student's departure.
- The relevant absence code will be recorded on the SMS.
- Students must also sign-out manually on the board outside the Office

4. Unknown whereabouts

- If during the day a student's whereabouts is unknown the classroom teacher must inform the Office immediately. The student's whereabouts will be investigated further to resolution.

5. Impending absence

- If a student's absence is pending or foreseen, the parent/caregiver is encouraged to advise the school ahead of time with the reason. The relevant absent code will be recorded on the SMS.
- Advice of a pending absence can be verbal or in writing (letter/note or email). All communication received by the classroom teacher must be forwarded to the Office.
- If advice has not been provided prior to the absence, then this must be obtained during or, as soon as practicable, afterwards.

6. Unexplained absence

- On any given day, when a student is marked absent without communication or explanation, the Office will contact the parent/caregiver by text message no later than 9.30am.
- The reason for the absence will be requested at this time. A reason is legally required so must be determined via text, email or phone.
- Once provided, the relevant absence code will be recorded on the SMS.
- If no reason is provided, the a ? will be recorded. If no subsequent reason is provided, then the absence is recorded as a T.

7. Absences causing concern

- Patterns of non-attendance causing concern will be made known to the Principal/Senior Leadership Team (SLT) by the classroom teacher or Office staff.

- The Principal/SLT will review the attendance data with a view to agree on an appropriate strategy to address the concern. Note: the strategy may differ from student to student depending on the personal/family circumstances at play.

8. Reporting to the Board of Trustees

- The Principal will provide an attendance report to the Board termly. Attendances of concerns or patterns will be specifically discussed.

9. Enrolment Pack

- A copy of the Attendance Management Policy will be included in the Enrolment Pack.

10. Roll Audits

- Broadlands School will adhere to all Ministry of Education Roll Return and Roll Audit requirements effective 1 March and 1 July.
- All ENROL administrative and reporting requirements will be adhered to.

11. Definition of Terms

- Refer to the MOE Guidelines for absentee code details.
